

CORAZON DEL SOL

2018 CABERNET FRANC RESERVE LOS CHACAYES I.G. - UCO VALLEY

Only six barrels were produced from single acre blocks of Cabernet Franc and Cabernet Sauvignon.

Cabernet Franc is one of the oldest wine grape varieties and the father of Cabernet Sauvignon (as well as Merlot and Carmenère). This co-fermentation combines the best of each Cabernet; Father and son coexisting in the same wine.

A profile of Cabernet that marries the power and fruit intensity of high elevation Cabernet Sauvignon with the high toned aromas and elegance of Cabernet Franc. Small batches of hand-harvested Cabernet Sauvignon and Cabernet Franc are alternately layered and co-fermented to develop a seamless integration of tannin and complex fruit expression.
